CARROT FACE

This recipe is an easy one. You will save lots of time and not make such a mess in the kitchen. BUT, you can still become a little Yummy Face Kid once you are done! If you have read the story and you have bunnies in your yard like Santino does, be careful when feeding the bunnies.

INGREDIENTS

1 – 16 oz package of baby carrots

1 – 16 oz package of pre-cut celery sticks

small cup or bowl of ranch dressing

1 – bottle of carrot juice (or V8)

Have your parents set out a nice platter for you. Arrange the carrots and celery sticks in a circular pattern. Place a small cup or bowl of ranch dressing in the center of the platter. Sit out on the patio or at a table inside. Sit your carrot juice on top side of your carrot and celery platter. ENJOY!
